September 19, 2016

ESG Operations, Inc. is pleased to announce that the City of Hinesville, Georgia has selected ESG as their City Services partner under a Public Works and Utilities Operations and Maintenance contract.

In addition to the operations, maintenance and management of the City's water and wastewater treatment facilities, ESG will also provide public works services including streets and drainage, stormwater, parks and grounds, fleet maintenance, sanitation, meter reading, and construction maintenance.

Located in Southeast Georgia, Hinesville serves as the county seat of Liberty County, one of only six counties on the beautiful Georgia coast. The City of Hinesville is also one of the fastest growing cities in the state and is home to Fort Stewart and the 3rd Infantry Division—the largest Army installation east of the Mississippi River.

"ESG is tremendously honored and humbled for the confidence placed in us by the City of Hinesville in selecting ESG as their City Services partner. Hinesville is a city rich in history yet with a bright and prosperous future. We are excited for the opportunity to partner with Hinesville and serve over 33,000 citizens by bringing our award-winning service delivery approach to the City's services. Our dedicated transition team will ensure a smooth and seamless transition, and we look forward to welcoming approximately 92 new associates to the ESG family," commented J. Clay Sykes, P.E., ESG co-founder and principal.

ABOUT ESG OPERATIONS, INC.

As one of the nation's fastest growing full-service utility operations and public works management companies, ESG Operations provides innovative solutions to a wide range of environmental and infrastructure projects. ESG has extensive experience as both design engineers and contract utility operators. This unique blend of skills enables ESG to develop innovative, cost effective and customized approaches to meet our clients' specific utility needs. ESG's corporate headquarters is located in Macon, Georgia with 20 other offices located across the Southeast.
