ESG Operations, Inc. is pleased to announce the City of Vicksburg, Mississippi has chosen to partner with ESG for the operation, maintenance and management of the City's water treatment system. As the county seat of Warren County, Mississippi, Vicksburg is home to over 23,500 citizens. Located 234 miles northwest of New Orleans on the Mississippi and Yazoo rivers, Vicksburg is rich in history and hospitality and often referred to as "The Key to the South."

ESG is honored to bring our experience and award-winning service delivery to the City's water system which includes a 16 MGD lime softening water treatment facility, 17 wells, 3 underground clear wells and 4 elevated steel water storage tanks. ESG also transitioned 11 new associates to the ESG family.

"ESG is proud to partner with the City of Vicksburg. We look forward to serving the citizens of Vicksburg and providing them with the finest water in Mississippi," stated ESG/Vicksburg Project Manager Don North.

ABOUT ESG OPERATIONS, INC.

As one of the nation's fastest growing full-service utility operations and public works management companies, ESG Operations provides innovative solutions to a wide range of environmental and infrastructure projects. ESG has extensive experience as both design engineers and contract utility operators. This unique blend of skills enables ESG to develop innovative, cost effective and customized approaches to meet our clients' specific utility needs. ESG's corporate headquarters is located in Macon, Georgia with 20 other offices located across the Southeast.
